- 40 Angus (bred Angus)\*\*
- 10 Twinning Experiment
- 40 MARC II Composite (bred Marc II)\*\*
- 35 MARC III Composite (bred Marc III)\*\*
- 35 Gelbvieh (bred Marc II)
- 8 3/4 Angus, 1/4 Piedmontese (bred Angus)
- 7 1/2 Angus, 1/2 Piedmontese (bred Angus)
- 8 3/4 Hereford, 1/4 Piedmontese (bred Angus)
- 3 1/2 Hereford, 1/2 Piedmontese (bred Angus)
- 18 3/4 Pied, 1/4 Angus or Hrfd (bred Angus)

- All cows have been diagnosed pregnant. Two year old heifers begin calving February 25. Mature cows begin calving March 10.

- Bulls have been semen tested.

- Performance and production records available.

## Bulls

- 10 Twinning Experiment
- 10 Angus
- 10 MARC II Composite
- 10 1/2 Red Angus, 1/2 Simmental

- Cattle offered are a select group with good production records. They have completed their usefulness to the research program and are surplus to the needs of the Research Center.

- Proceeds from the sale of livestock are used to help defray operating costs at the Research Center.

MARC II: 1/4 Gelbvieh, 1/4 Simmental, 1/4 Hereford, 1/4 Angus

MARC III: 1/4 Pinzgauer, 1/4 Red Poll, 1/4 Hereford, 1/4 Angus

**Note:** The sale will be held at the Kearney Livestock Market, 2020 Ave. F, Kearney, Nebraska.

Cattle will be available for inspection the Tuesday before the sale. For more information, contact Gordon Hays at (402) 762-4121 USMARC, P.O. Box 166, Clay Center, Nebraska 68933-0166 or email: [hays@email.marc.usda.gov](mailto:hays@email.marc.usda.gov) [www.marc.usda.gov](http://www.marc.usda.gov)

**AUCTIONEER: TRACY HARL**

\*In cooperation with the University of Nebraska

\*\*Animals are first calf heifers bred to calving ease bulls.
